Mission, Values and Guiding Principles

Light of Christ Preschool recognizes and respects the uniqueness of each child. Established in 1992, the school's primary mission is to instill a love of learning. Our curriculum skillfully weaves artistic and practical disciplines into everyday academics. The educators create an environment that is developmentally appropriate and academically enriched. Students will learn to work both independently and cooperatively with others.

At LOC Preschool, we value and celebrate God's love for all children. We strive to instill integrity, compassion, and confidence. We give each child support and encouragement to become his or her own unique self.

Light of Christ Preschool follows the Illinois Early Learning Standards.

Guiding Principles:

- Early learning and development are multidimensional. Developmental domains are highly interrelated.
- Young children are capable and competent.
- Children are individuals who develop at different rates.
- Children will exhibit a range of skills and competencies in any domain of development.
- Knowledge of how children grow and develop together with expectations that are consistent with growth patterns are essential to develop, implement, and maximize the benefits of educational experiences for children.
- Young children learn through active exploration of their environment in child initiated and teacher-initiated activities.
- Families are the primary caregivers and educators of young children.

Adapted from Preschool Curriculum framework and Benchmarks for children in preschool programs.

Discipline Policy

Age-appropriate behavior is expected of our children. Students will work in a properly prepared, safe environment to create a positive school experience. Students will learn to be kind to their friends and teachers by using kind hands, kind words, and a kind heart. Listening to the teacher is important and will create a positive school setting. Students who struggle following directions will first be reminded that they are in God’s house, and we follow his rules, we care and respect one another. Children who continue to struggle will be asked to take themselves out of the current situation and take a few minutes to calm down and regain self-control, always under the guidance of a caring teacher. **Parents will be notified when a child needs re-direction.** The goal of LOC Preschool is to have all our students love school!

School Closing

Please check the classroom homeroom app, and email for school closing information. School closings will also appear on local television stations. We follow Community Unit School District 300 for closings. The LOC Preschool will close if the director deems it unsafe for children and staff to be traveling due to inclement weather.

Mandated Reporting

LOC and staff are obligated by law to report any suspected cases of abuse or neglect to the DCFS (Department of Children and Family Services) of Illinois. We take the safety of everyone who attends LOC very seriously. The preschool is in a secure area, doors are always locked, and all staff are background checked.

All firearms are banned on LOC Church & Preschool property.
